3. 2023.10.03 A

a. Board discussion and possible approval of resolution adopting final tax rate for tax year 2024.

Ammon - This decision is several years delayed. This is the time to do it. He does not want to see this place run down. He would like to make a motion once ready to entertain

Maria – She will have to give up something to be able to pay the tax increase in her family. This has been hours and hours of work outside these meetings. We have gone 5 ½ months without paying a GM because of the interim GM stepping in unpaid. The tax rate increase has gone on too long to not happen.

James – I do appreciate everyone that has come to the meetings and sat and offered solutions. Agrees that we need to do a better job of planning and programming. We have a responsibility to make sure that every single dollar has been adequately used. Because it has not happened in years passed. We will not see tax rate increase until the end of next year. We still need help by volunteers for next year. For example driving the boat mowers. Number of issues about those that are on income. We have had to lay off 13 employees in August. We will help people get relief from the state if they need

Motion M 2023.10.03 A to adopt an increase in the 2024 property taxes by \$745,000.00 with an estimated tax rate of .0014 for the purpose of meeting increased costs related to staffing, maintenance, and needed capital improvements for the Recreation District made by Ammon Jacobsmeyer and seconded by Maria Sweeten
