Message from the GM

Fall is my favorite time of the year. I love the changing of the colors on the trees, cooler temperatures, and the excitement of the holidays. Here at the Agency it is also a time for planning for the upcoming year. Some of the projects we will be working on over the winter include upgrades to the bathrooms at the golf course, new doors installed at the golf course and club house, and cleaning out all the nooks and crannies that have been neglected during the busy summer season.

I hope these upgrades will improve the experience of anyone who uses our facilities. I would love to hear your feedback on further improvements we could make at the Agency. Please give us a call at 435-882-6188, or email us at serviceagency@stansburypark.org, or leave us a comment on our Facebook page with your suggestions.

Solomon Park

We are pleased to announce that the Board of Trustees approved a name change for Northport Park to Solomon Park in the October 13, 2021, board meeting. Ray and Ilene Solomon are long-time residents of Stansbury Park and have contributed greatly to the care of many of the parks in Stansbury and to the upkeep of Stansbury lake. This name change was made possible by a group of residents who gathered signatures and support from neighbors and friends in the community who wanted to honor the Solomon's. Thank you to all the Stansbury residents who showed their support for this amazing couple. In the coming months, we will be working on Solomon Park and plan to have grass replanted and new landscaping around the tunnel completed in the next year. As we complete these projects, we hope that the community will join us in appreciation for the Solomon's for all their hard work with a ribbon-cutting in their honor.

Stansbury Park Library

Nibbles has been decorating the library for Halloween. Stop by and see what he has done. He will also be decorating for the holidays. If you are wondering why he is wearing a mask, it is because he is 5 years old has not been vaccinated yet.

Thank you to those of you who have returned overdue books. We are working on getting overdue notifications up and running by the end of the year.

Work is Starting on Solomon Park

Finish work is beginning on the park formerly known as Northport. Over the next few weeks, you will be seeing clean-up, smoothing/grading, water, electrical, fencing, etc. being kicked in - in preparation for grass, plantings, and features to be added going into Spring.
