

OCTOBER 2024 NEWSLETTER

GM Corner

You will see a lot of information in this issue of the newsletter, so I only have a few lines. As the busy summer season comes to a close, I want to give a shout-out to the staff. We knew this year would be difficult with limited funding, particularly with the number of issues around the park. The staff put in many long hours and worked many weekends to not only keep the park in decent shape but managed to make some significant strides in fixing many problems. So, thank you, staff, for a job well done.

~James Hanzelka

Stansbury Library

🍁 Announcing Fall Reading!! 🍁

What is Fall Reading, and how do you participate and get a prize? Fall Reading is a program that commemorates the 🍁 season and rewards you for the reading you do in September, October, and November.

Pick up a reading log and color a space in for each day you read this fall. If you color in all 30 spaces and return it to us by the end of November, you get to select a free book! 🎉 And the best part? This is open for all ages (Even adults!) Join the fun today!

Library Hours

Monday, Tuesday, Wednesday & Friday

- 1 pm - 4 pm

Thursday

- 10 am - 4 pm

Preschool Storytime

Thursday 10:30 am

The Stansbury Park library is located in the basement of the clubhouse, please come check us out and get a **FREE** library card!

Halloween Festival
10.11.2024
STARTS AT 5 PM

ProShop Corner By Doug Brown

At the golf course, we have concluded our club championships for our leagues. We would like to congratulate the following individuals for their outstanding play:

- Regular Club Champion - Bridger Holmes
- Senior Club Champion - Mike Mendenhall (*pictured*)
- Super Senior Club Champion - Frank Park
- Women's Club Champion - Nan Mendenhall

League play is ending, and we would like to thank all of those who made this an outstanding year for our leagues. We have had over 4200 individual rounds from leagues so far this year, and we thank those who supported us.

Our Junior Golf is still ongoing. We have junior golf clinics every Wednesday at four until mid-October. It's not too late to introduce your little ones to the game of golf.

Fall is still a great time to play golf as the weather gets cooler. We are open daily until the snow flies for golf, lessons, or other needs.

Lake Monitoring

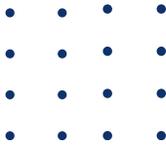

By Wil Pineda

Did you know that Stansbury Service Agency is monitoring water quality in the lake under the Utah Water Watch (UWW) program which is managed by USU? Water quality measurements and visual observations are taken between April and October. UWW volunteers make field observations about water appearance, temperature, pH, dissolved oxygen, and turbidity, as well as collect samples for E. coli bacteria. The data provides a baseline and helps identify water quality changes over time.

There are three monitoring points on Stansbury Lake: near the clubhouse (STL-01), Solomon Park (STL-02), and the causeway (STL-03). Data and observations are uploaded monthly to the CitSci.org website where you can view the data (Click "Projects" then "Utah Water Watch" and then filter for the sampling location "STL-XX").

Data collected so far in 2024 indicates that pH is near neutral, dissolved oxygen is within normal range, total dissolved solids remains high (naturally occurring), and water transparency/clarity which was low during the spring (i.e. as little as 18 inches) has improved through August (ranging from 30-52 inches). As you know, algae is observed throughout the lake; however, no Harmful Algal Blooms (HABs) have been observed. Similarly, E. coli has not been detected above reportable levels.

If you would like to view the historical data collected, please visit CitSci.org. If you have additional questions or would like to become a UWW volunteer, please contact the Service Agency for more information.

Upcoming Events:

- Food Truck Night, every Thursday @ Porter Way Park from 5 pm to 9 pm through November 1st. For a list of trucks attending, visit <https://stansburypark.org/food-truck/>
- Halloween Festival - Please register on the website for our trunk-or-treat. There will also be food trucks and other activities.- October 11 at 5pm

2024 Fall Cleanup

Project Coordinators:

- Mary Wilson - Entrance to Stansbury Park
- Joline and Rod Walgamott - Volunteer Coordination
- Jolynn Wilson - Donation Drive
- Tom Wilson - Porter Way Park
- Lauren Jones - Causeway
- Scott Totman - Solomon Park
- Gordon Smith - Restrooms at Parkview
- Glenn Oscarson - Stansbury Cemetery

A BIG Thank you to all of our volunteers!

JustServe.org Stansbury Park Community Cares, Project #14

Please join our ongoing initiative, taking place on the island, opposite 87 Lakeview Drive. We are seeking volunteers to help with tasks such as mowing grass, applying weed and feed as needed, trimming trees when necessary, collecting garbage, and clearing the lake finger tip area. Your support will make a meaningful difference in our community.
