

# APRIL 2025 NEWSLETTER

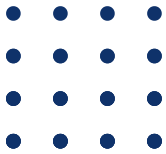

## Message From the GM, James Hanzelka

The Agency is in the process of repairing or replacing equipment in the 12 playgrounds around the park. During this process, we will be temporarily closing some of the playgrounds until repairs can be made. We ask the residents to please respect the barrier material we have put out for their own safety and their children.

We will shortly start mowing and preparing the park for the summer, so the first sign of spring is the increased activity by Agency staff at all the parks and greenbelts across the park. We have a few projects in the process that we hope will enhance the experience for park visitors this summer, but you will experience some issues as the crews go about the business of building and installing equipment and structures. Please be mindful that they will be using construction equipment, which can be dangerous, so give them room to work.

We will also be ramping up preparations for Stansbury Days and other activities. This provides an opportunity for scammers. Be sure if you are registering for a Stansbury Agency-sponsored event, the money is sent to an @stansburypark.gov payment method. Additionally, some vendors and other event sponsors have rented our space for their events. The Agency is not responsible for their event other than providing a rented space. If you are unsure if the non-agency-sponsored event is legitimate, please call the office at 435-882-6188 to verify that the organization has legitimately rented the space and is authorized to hold the event on our property.

We hope everyone has an enjoyable summer and stays safe while having fun.
